REPORT FOR 1894

OF THE

CHILDREN'S SEA-SHORE HOUSE

AT ATLANTIC CITY,

FOR INVALID CHILDREN.

Incorporated February, 1873, with the above Title.

PHILADELPHIA:
PRESS OF WM. F. FELL & CO.,
1220-24 SANSOM STREET.

1895.

ENDOWMENTS.

A contribution of one thousand dollars will endow a free bed in the main building of the CHILDREN'S SEA-SHORE HOUSE.

Beds have been endowed by Mr. and Mrs. J. G. Robinson, of England, Miss Waln, Miss Hockley, Miss Rebecca Coxe, and Miss Anne M. McMurtrie, of Philadelphia.

FORMS OF BEQUEST.

LEGACY OF MONEY.

I give and bequeath unto "THE CHILDREN'S SEA-SHORE HOUSE AT ATLANTIC CITY FOR INVALID CHILDREN" (incorporated under the laws of the State of New Jersey) the sum of..... to be paid to the Treasurer, for the time being, for the use of the institution.

DEVISE OF REAL ESTATE.

I give and bequeath unto "THE CHILDREN'S SEA-SHORE HOUSE AT ATLANTIC CITY FOR INVALID CHILDREN" (incorporated under the laws of the State of New Jersey) and its successors (*here describe the property*), together with the appurtenances, in fee simple.

REPORT OF THE EXECUTIVE COMMITTEE.

The accompanying report of the Physician-in-charge, showing, as it does, the large number of children accommodated during the season of 1894, cannot fail to be gratifying to all interested in the work of the Children's Sea-Shore House. As foreshadowed in our last report, the industrial depression of the winter of 1893-94, during which many children were poorly fed and clothed, led to a larger number of applications for free admission than usual, and never before were so many very sick children taken care of without charge. A total of thirteen hundred and fifty-one patients were received during the season, one hundred and ninety-seven more than in 1893. It will be seen from this that the accommodations of the House were taxed to their utmost, and every expedient that could be devised was brought into play to extend aid to a greater number of patients at one time. The extra work that fell upon the Superintendent, Nurses, and Physicians was very considerable, and to their intelligent and systematic work are due the thanks of the Board, and of the many hundred sufferers to whom they ministered.

v.23 cont.

During the last fifteen days of July the House and Cottages were so crowded that for a few nights the Play House had to be used for new arrivals, every available spot being occupied. At this time the dining tables used by the Cottages had to be set and served three times for each meal, and our milk supply was at the rate of two hundred and fifty quarts for each day.

During the past few years there has been a steady increase in the number of children admitted, until now we seem to have reached the limit of the present accommodations. Several plans looking toward increasing the usefulness of the institution have been suggested and are discussed in the latter part of the Report of the Physician-in-charge. As this is a matter of the utmost importance we call special attention to it (see page 10).

Aug 20

JAMES S. WHITNEY,

President.

RESOLUTIONS OF THANKS

RECEIVED FROM THE MANAGERS OF TWO OF THE INSTITUTIONS WHOSE
PATIENTS RECEIVED FREE CARE DURING 1894.

At the regular meeting of the Managers of the Baptist Orphanage, a unanimous vote of thanks was extended to the Children's Sea-Side Home for the kind attention to our children, given in a time of need, and from which they have derived so much benefit. Our President impressed the ladies with the thought that any help would be thankfully received, as your institution, like all others, must have means to carry it on.

IDA E. PAUL,
Corresponding Secretary.

The ladies of the Committee of the Children's Surgical Ward of the University Hospital send their heartfelt thanks for all your kindness to the cripple children sent from the Ward during the Summer. The children gain so much from the sea air and change. Again expressing our sincere thanks.

Very truly,

AUGUSTA H. PORTER,
Secretary.

PHILADELPHIA, January 1, 1895.

EDWARD A. SIBLEY, *Treasurer.*

REPORT OF THE PHYSICIAN-IN-CHARGE.

To the Board of Managers of the Children's Sea-Shore House:—

During my absence last summer, Dr. Francis W. Bennett, in accordance with the resolution of the Board, took charge of the medical work of the institution, and the following statistics in regard to it were prepared under his supervision, by his assistant, Dr. Robert B. Sellers. For the purpose of comparison, the statistics of the preceding summer have, in some cases, been placed by the side of those of last year:—

	1894	1893
Number of days the House was open,	107	129
" children admitted,	1,096	943
" mothers "	261	217
Whole number of admissions,	1,357	1,160
Aggregate number of days the children remained, . .	12,452	11,729
" " " " mothers "	2,257	2,072
" " " all remained,	14,709	13,801
Average length of stay of children, in days,	11.3	12.4
" " " mothers, "	8.6	9.5
Daily average number of children in the institution, .	116	91
" " " mothers " "	21	15
" " " inmates " "	137	106
Number of boys admitted,	449	365
" girls "	647	578
" children under 6 months,	45	48
" " between 6 months and 1 year,	61	51
" " " 1 year and 2 years,	80	107
" " " 2 years " 3 years,	83	69
" " " 3 " 4 "	92	57
" " " 4 " 5 "	58	59
" " " 5 " 6 "	67	60
" " " 6 " 7 "	64	49
" " " 7 " 8 "	63	49
" " " 8 " 9 "	74	56
" " " 9 " 10 "	57	55
" " " 10 " 11 "	65	59
" " " 11 " 12 "	65	53
" " " 12 " 13 "	51	30
" " " 13 " 14 "	28	24
" " " 14 " 15 "	29	19

	1894	1893
Number of children between 15 years and 16 years, . .	16	26
“ “ “ 16 “ “ 17 “ . .	26	29
“ “ “ 17 “ “ 18 “ . .	26	16
“ “ “ 18 “ “ 19 “ . .	27	17
“ “ over 19 years,	19	0
“ “ discharged well,	933	651
“ “ “ improved,	145	271
“ “ “ unimproved,	15	16
“ “ who died,	3	5
“ girls admitted to “Large Girls’ Ward,” .	160	159

The children admitted came as follows:—

From The University Hospital,	13
“ “ Episcopal Hospital,	12
“ “ St. Christopher’s Hospital,	9
“ “ Orthopedic Hospital,	6
“ “ Woman’s Hospital,	6
“ “ Mary J. Drexel Home,	13
“ “ Baptist Orphanage,	9
“ “ House of St. Michael and All Angels,	24
“ “ Home for Incurables,	4

	1894	1893
Total number from Institutions,	96	60
“ “ “ their own homes,	1000	883

The following table will show the nature of the diseases treated, and the number of cases of each disease:—

DISEASES.	NUMBER OF CASES.	DISEASES.	NUMBER OF CASES.
Abscess, psoas,	1	Mitral regurgitation, with	
“ lumbar,	1	aortic stenosis,	1
“ foot,	1	Caries os calcis,	1
“ mammary,	1	“ of spine,	4

Rickets,	9	Torticollis,	1
Septicemia,	2	Tumor of orbit,	1
Spinal curvature,	3	Whooping cough,	2
“ paraplegia,	1		

It will be seen by the foregoing statistics that nearly a hundred of the children came from the hospitals or other institutions for children in our city. Nearly all of these came in response to our offer to receive during June, free of charge, all the poor bed-ridden or crippled children in Philadelphia. Most of those who came remained four weeks, and thus the care of them, both in the amount of labor bestowed and money expended, probably constituted one-fourth of the work of the summer. But no part of our work yields better results, and it is gratifying to find that our hospitals are realizing how much their little patients can gain by a sojourn at the seashore, even though it be the brief one of a few summer weeks. May we not hope that before many years these institutions will heartily coöperate with us in making the Children's House the year round a Sanitarium for such scrofulous children as at the time need rather the tonic effects of the sea air than active surgical treatment.

The lot on which our institution stands was the generous gift of one of its most active incorporators. A portion of our present main building was erected on it in 1873, with a capacity for about fifty patients. Its size then was in advance of its requirements, for the whole number of admissions during the summer it was opened was but fifty-five. Little by little our work has grown, and our accommodations have been increased, until last year the number of admissions amounted to over thirteen hundred, and the number of inmates cared for in a single day was not unfrequently five-fold the number admitted during the entire season of 1873. What generous provision for the future was made in the gift of the present lot is shown by the fact that, for more than twenty years it met the requirements of our growing work; while the wisdom shown in the selection of the site is attested by the rise in its value to nearly twenty times its first cost. But the time has come when it no longer meets our requirements. Once, from the porch

of our building, one could see for nearly a mile in either direction the incoming surf, with scarcely a building in the whole stretch to interfere with the health-giving sea breeze from whatever quarter of the ocean it might blow. Now we are so hemmed in on the side of the prevailing wind, that the southerly breeze no longer reaches our main building, and is often replaced by the unsavory odors incident to the proximity of the rear of a great hotel. We are now surrounded by some of the best hotels and cottages on the island, and our humble guests, notwithstanding all our earnest efforts in the direction of neatness and good order, prove to these most unacceptable neighbors.

Our buildings are inadequate for our present work, and we have not proper room for necessary employees. Larger accommodations are needed for mothers with sick infants, and yet we have been obliged to decline generous offers of friends to build new cottages, because there is no room for them. We can make no provision for boys over twelve, and yet many such need our help almost as much as the older girls. In all our departments the demand comes for increased room, and it seems as though a generous public would never tire of furnishing increased funds to provide for the ever increasing number of applicants.

If our work is in any way to keep pace with the demands made upon us, we must soon do one of three things : either, first, reconstruct our buildings on our present lot, substituting tall dormitories for our present little cottages and adding tall wings to our main building ; or, second, as soon as possible, sell the present property for what it will bring and move the whole institution elsewhere ; or, third, procure a large lot elsewhere and on it supplement our work until such time as we may be able to sell our present property at a price that will enable us to erect upon it buildings that will be adequate for all present and some future needs.

Respectfully submitted,

WILLIAM H. BENNETT, M.D.,

Physician-in-charge.

THE FOLLOWING TABLE GIVES A SUMMARY OF RESULTS TO THIS TIME.

YEAR.	NUMBER OF PATIENTS.			Average Number of Days that Children Remained.	CHILDREN DISCHARGED.			Num-ber of Deaths.	Amount re-ceived for Board of Patients.	Household Expenses, including Wages, etc.	Average Daily Cost per Patient including Mother.

Dr. Wm. R. Lincoln, service as examining physician, rendered gratuitously.

Dr. S. Rush Ketcham, service as examining physician, rendered gratuitously.

Dr. Alice H. Van Gasken, service as examining physician, rendered gratuitously.

ORIGIN AND OBJECT
OF THE
CHILDREN'S SEA-SHORE HOUSE,
ATLANTIC CITY, N. J.

This institution, the first of its kind in the United States, was opened in a small cottage in 1872, and incorporated as the "Children's Sea-Shore House at Atlantic City, for Invalid Children," February, 1873. In July of the same year the institution was reopened in its present location, then occupying what is now its main building. Since then its capacity has been, from time to time, increased, until now it has accommodations for about one hundred and twenty-five children and thirty mothers.

The object of the corporation is to maintain, at the sea-shore, an institution in which children of the poorer classes, suffering from non-contagious diseases or debility incident to the hot weather and a crowded city, may have good nursing and medical care, without regard to creed, color, or nationality.

Children over three years of age are cared for by competent nurses in the large, airy wards of the main building, and, in order that those too young to be separated from their mothers may also be admitted, little cottages have been erected for the mothers almost upon the beach. One of them is assigned to each mother with a sick infant. She may also have one or more other children with her, and have for herself and them the exclusive use of the cottage, taking care of it and her children, but having her meals provided for her in the main building. A separate building located immediately on the beach is used for very serious cases needing closer attention than can be given in the little cottages. In it is also located the "Baby's Ward," for sick infants who cannot have their mothers' care.

Special provision has recently been made for the care of girls too old to be subjected to the restraint necessarily imposed upon younger children. Two wards have been set apart for their use, and a special matron has charge of them and devotes all her time to the girls under her care.

Since this institution was first opened, other most excellent organizations, with kindred objects, have been formed in Philadelphia. Each has its special sphere of usefulness, and that of the Children's Sea-Shore House seems to be to care for the following classes of children:—

First.—Those requiring not only the beneficial effects of the sea air, but also the skilled nursing and medical care of a well-organized hospital. Such are the many cases of hip-joint disease and spine disease now annually admitted.

Second.—Sick infants, who, wherever they go, must be accompanied by their mothers. The disease which produces such great mortality among them during summer is largely the result of the heat, and the cool temperature of the sea-shore proves one of its best remedies.

Third.—Little children, from three to five years old, needing purer air and better food, and yet too troublesome to be sent alone into the households of strangers. In some cases they are motherless; in others the mother is the bread-winner of a little family, and must remain at home to feed the rest. To such children this institution gives not only the best possible change, but provides the watchful care of trained and kind-hearted attendants.

Fourth.—There are many growing boys and girls who have not developed any well-defined disease, and who, indeed, often seem to the inexperienced eye to be perfectly well, but whose known scrofulous tendencies mark them as the future victims of some such serious maladies as those above mentioned of the hip and spine. For these the sea air is the best possible tonic; and a stay at this institution often decides in their favor the question whether they shall grow up cripples, or overcome the disease lurking in them and become strong men and women.

Fifth.—Young women, from fourteen to twenty, often greatly needing the benefits of a stay at the sea-shore, but too young to be allowed the entire freedom properly permitted in institutions for older women.

Circulars giving the mode of making application for admission can be obtained from the Physician-in-charge at the institution and from the Examining Physicians.

The House is at the sea end of Ohio Avenue, and is open to visitors Tuesday and Friday mornings, from 9.30 to 10.30 o'clock, and every afternoon from 3 to 5 o'clock.

Contributions toward defraying the excess of expense over the small charge made for board are earnestly solicited, and may be sent to the Physician-in-charge or to any of the Managers in Philadelphia. The excess amounts to at least \$5000 annually.

A contribution of \$50 at one time entitles the donor to the use of a bed during the season.

A contribution of \$1000 will endow a perpetual free bed.

THE CHILDREN'S SEA-SHORE HOUSE.

GENERAL VIEW OF ALL THE BUILDINGS.

The above gives a general view of all the buildings of the Children's Sea-Shore House. In the foreground is the beach and breakwater ; on the left, the Play House for rainy weather, entertainments, etc. ; on the right, the Hospital Cottage ; in the rear of these, and forming two sides of the quadrangle, running back to the Main Building, are rows of Cottages, used for housing those children who are brought by their mothers. In a wing back of the Main Building are the Kitchens, etc., and still back of this the Laundries, Out-Houses, Coal Bins, Baggage Store-Rooms, and Servants' Quarters.

INFORMATION IN REGARD TO THE ADMISSION
OF PATIENTS
TO THE
CHILDREN'S SEA-SHORE HOUSE,
Atlantic City, N. J.

The institution will be opened early in June.

OBJECTS.

It is designed for the care of young invalids of both sexes, without regard to creed, color, or nationality.

Any boy under twelve or girl under twenty, suffering from a non-contagious disease, or from debility incident to hot weather and a crowded city, and likely to be benefited by a short residence at the sea-shore, can be admitted to the House.

ADMISSION.

Applications for admission will be received in Philadelphia by the Examining Physicians

Patients will be admitted on the certificate of their own physician, but this certificate must be made out on a blank furnished by the institution. Blanks can be obtained by mail from the Physician-in-charge. Enclose a stamp.

NO PATIENT SHOULD EVER START FOR THE CHILDREN'S HOUSE UNTIL A PERMIT HAS BEEN RECEIVED FROM THE PHYSICIAN-IN-CHARGE.

THE INSTITUTION

is divided into three departments, viz. :—

First.—The department for girls between fourteen and twenty. This is a new department, for which a special ward has been erected. The number admitted to it will be limited to twenty-four at a time. These will be under the care of a special matron, who will devote all her time to making

their stay pleasant, beneficial, and safe. *Every* application for admission to this branch must be accompanied by a testimonial of good character.

Second.—A department for children over three years of age and under fourteen. In the case of boys the limit is twelve years. These children are cared for by nurses in the main building of the institution, and their mothers are not admitted as inmates, as in the next department.

Third.—A department for sick infants under three and a half years of age, accompanied by their mothers. This is intended only for *infants* who are *sick*; and a sick mother with a well infant, or a mother whose *sick* child is over three and a half years, cannot be admitted. But a mother with a sick infant has the privilege of taking with her one or two other children, even though they may not be sick. The work in this department is carried on chiefly in the little “Cottages” connected with the institution, which are placed between the main building and the beach.

Each mother admitted has for herself and children the exclusive use of a comfortably furnished room. She takes care of it and her children, but has her own and their meals provided for her.

Large dining and sitting rooms for the mothers and an infant’s bath-room are provided in the main building.

In the admission of mothers preference will be given to those who furnish, at the time of their application, a testimonial of good character from some physician, clergyman, or other responsible person, but others will not be refused admission unless they are known to be unworthy.

Special provision has been made for the care of very sick infants who have been suddenly taken ill and require immediate removal from the hot city. Such cases are usually admitted within a few hours after application has been made to the Examining Physicians, communication being made by telegraph.

A very few sick infants will be admitted without their mothers.

THE CHARGES ARE AS FOLLOWS:—

For a girl over fourteen, in the first department, two dollars and a half a week.

For children in the second department, without their mothers, or an infant in the Baby’s Ward without its mother, two dollars a week.

For a mother and one child, in the third department, three dollars a week for the two, and one dollar a week for each additional infant or older child.

These charges include board, medicine, and medical attendance in all

cases, nursing in the first and second departments, and washing in the second. Mothers do their own washing. A complete laundry, with stationary tubs, is provided for the purpose.

Charges are payable in advance on arrival at the institution.

Children unable to pay these rates will often be admitted at a reduced rate, or without charge. But such cases must, *at the time application is made*, satisfy the Managers as to their inability to pay the regular charges.

TRANSPORTATION.

Through the generosity of the Camden and Atlantic and of the West Jersey Railroad Companies patients can obtain tickets to and from Atlantic City at the reduced rate of fifty cents each way for adults, and twenty-five cents for children between four and twelve years of age. These rates are only granted to those having the regularly signed "requisitions" of the institution, which are sent to each patient with the order for admission.

THE LENGTH OF TIME PATIENTS MAY REMAIN

in the institution is determined by the Physician-in-charge, in accordance with the necessities of the case. As it often does not exceed ten days or two weeks, vacancies constantly occur, and are at once filled from the list of applicants in order of their application.

VISITORS.

Visitors are admitted daily between 3 and 5 o'clock, P. M., and on Tuesday and Friday mornings between 9.30 and 10.30 o'clock.

EXAMINING PHYSICIANS.

No examinations made on Sundays, or at other hours than given below.

B. J. RUDDEROW, M.D., 525 N. Nineteenth St.
Office Hours: Tuesday, Wednesday, Thursday,
Friday, 7 to 9 A.M., 2 to 3 and 6 to 7 P.M.; Mon-
day, 2 to 3 and 6 to 7 P.M.; Saturday, 7 to 9 A.M.

CHARLES A. CURRIE, M.D., 6112 Germantown Ave.
Office Hour: 9 A.M.

Attending Physician, Dispensary of St. Christopher's
Hospital for Children, Lawrence and
Huntingdon Sts.

Office Hours: Until 10 A.M., 2 to 4 P.M., 6 to 8 P.M.

O. H. STERNER, M.D., cor. Orthodox and Worth
Sts., Frankford.
Office Hours: 7.30 to 9 A.M., 1 to 2.30 P.M.,
6.30 to 9 P.M.

JOS. PRICE TUNIS, M.D., 129 S. Eighteenth St.
Office Hours: Until 10 A.M., 6 to 7 P.M.

DR. F. C. VAN GASKEN, College Settlement, 617
Carver Street (formerly St. Mary's Street),
Philadelphia.

The Hospital Cottage, fronting directly on the beach and isolated from the other buildings. This was built as a memorial by one special contribution and partially furnished by another.

THE Managers of the CHILDREN'S SEA-SHORE HOUSE desire to give every poor, bedridden, or crippled child in Philadelphia a visit to the sea-shore during the summer of 1895.

No such child will be excluded because too poor to pay.

If you know of one, will you not put it in communication with the officers of the institution before you go away for your own summer vacation?

If you do not, will you not take a stroll through some of the little streets of your neighborhood and inquire for one? There are many of them in our great city, and a week's release from its narrow streets and stifling summer air would be a boon to most of them and the beginning of a new life to not a few. You need but tell of the institution, get a circular for the parents, and refer them to the nearest Examining Physician. He will attend to the rest.

During the month of June provision will be made without charge for hospital children and the sick and crippled children of other institutions.

If you are a manager of an institution for children, will you not communicate at once with the Manager of the Children's House, and make arrangements to give your little, sickly wards a visit to the sea-side?
